At Logan City Special School our key rules are:

- we Care
- we Cooperate
- we Communicate

We refer to these as “Our 3C’s”

Happy holidays everyone.
Summer is a much needed break for many children and families. Make the most of summer by helping children to have fun while learning new things.

Enjoy the weather and join swimming lessons, group sports, or one day neighbour-hood events so your child can make new friends, learn new sports, and stay healthy.

Invite friends over to visit so your child can develop important social skills while playing.

Remember down time is important, your child will need time to engage in an interest, play a game or just rest.

In partnership with families, School Wide Positive Behaviour Support ensures that all students have the social and emotional skills needed to succeed in school and beyond.

Our school rules remind us of our responsibilities and ways of acting.

Each fortnight in the newsletter there will be information about Positive Behaviour Support.

State schools update

Increased resources to empower principals and their school community
The Queensland Government is committed to empowering principals and their school communities to deliver high quality education and to lift outcomes for every state school student in Queensland. That’s why there has been a significant increase in the amount of resources allocated to schools, as well as a concerted effort to allocate these resources directly to schools.

Now, more than ever, principals have the resources and the autonomy they need to lead school improvement. The direct allocation of the Great Results Guarantee funding, the Students with Disability Resources, and the Whole School Support – Student Learning Resources give schools the means to lift outcomes for all their students.
